

Anthropology 1160

Week 2

Small Group Discussion Questions

Consider the following questions:

1. What does the archaeology of Canada tell us about the native people living in Canada today? (In other words, what do we learn about native cultures by studying people who lived here in the past?)
2. McMillan and Yellowhorn provide us with a culture areas map and a language map. What is the connection between language and culture? Why not simply use one map?
